Welcome to Epiwork's Epidemic Marketplace

The Epiwork Project

The [EPIWORK](#) project proposes a multidisciplinary research effort aimed at developing the appropriate framework of tools and knowledge needed for the design of epidemic infrastructures.

The Epidemic Marketplace (EM) is a data integration platform where epidemiological data can be stored, managed and made available to investigators, fostering collaboration. It has four main components:

- [Data Collector](#)
- [Repository](#)
- Middleware Services
- [Forum](#)

Announcements:

2009.11.06- The Forum module is available. Only Epiwork members can access this module.

2009.10.11- The User [Registration](#) is now available.

Epidemic Marketplace

Epiwork's registration.

Posted on: 11st Oct, 2009

Registration is now available only to Epiwork partners. It can be accessed by the link in the top of the page. You should fill all fields in order to register. You will receive an e-mail announcing that your registration was accomplished successfully.

Epiwork's researchers access.

Posted on: 2nd Jun, 2009

Currently, authenticated access to the Epidemic Marketplace is available only to Epiwork partners. Authenticated access inquiries should be sent to epiwork-support@lasige.di.fc.ul.pt. When requiring a username and password, the partner should provide name, institution, e-mail address and WP number.

Epiwork's digital file repository has been launched.

Posted on: 21st May, 2009
